

Reception Performing Arts Plans 2018

Term 4 weeks 1-5

In the first half of this term, students will be reviewing the elements of dance and using them to prepare their school concert performance. We will be singing a range of songs that link with the classroom inquiry topic and linking these to the elements of music and dance. Students will learn to play a number of classroom instruments safely and musically and will use them to create arrangements of the songs studied.

Week	Instruments	Singing and Dancing
